

Sanghe Shakti Kaliyuge

(In *Kaliyug* the unity without caste differentiation is the power)

Purn Guru Shri Chandra Mohan Ji

Miracles which are on the land of Hindustan only

Purn Guru (पूर्ण गुरु): Who has experienced God?

Purn Gayatri (पूर्ण गायत्री): A passport to find out God within the human body, as God is physically present there. There is no way, other than this to find God.

Purn Ganga (पूर्ण गंगा): A real form of God, as liquid oxygen (liquid air) is present in water. **Only air** is a God Particle because *Jal* (water) + *Vayu* (air) = *Jalvayu* (climate)..... all contains air

Purn Gaye (पूर्ण गाय): A complete medical store to keep the human body created by God, decease free.

Purn Gita (पूर्ण गीता): Knowledge about the mysteries of human body and the universe created by God and a path to find out that. To understand all this, need of a Purn Guru is a must and without Him, it is impossible to understand all this.

Purn Guru

Purn Guru Shri Chandra Mohan Ji

Purn Guru is a Representative of God and is sent on the earth from time to time for the reformation of mankind. He is sent on the earth by God as a messenger. Purn Guru is having complete knowledge of the human body and the universe. Till date seven Purn Guru's have arrived on the earth and they are Shri Ram Chandra Ji, Shri Krishan Chandra ji, Mahatma Budh, Jesus Christ, Chaitanya Mahaprabhu, Guru Gobind Singh and Madhav Rao (He was a ruler of Pune in 18th century). At present Purn Guru Shri Chandra Mohan Ji is on the earth. The purpose of coming of Purn Guru Ji is to change the world. Shortly there will be a beginning of *Satyug* (golden age) i.e. end of *Kaliyug*. Purn Guru Ji is working for the past more than 20 years, so that our country Hindustan and world can become a Heaven. That will happen only when:-

1. There is no poverty, corruption and terrorism.
2. Every human being is able to meet all his requirements of day to day life easily i.e. food, clothing, housing, education, health services, security, water, electricity and transport.
3. Every citizen in the country is having opportunities for livelihood on the basis of one's caliber and potential i.e. student, farmer, laborer, employee and businessman / self employed.
4. Life of disabled around us is comfortable i.e. orphans, old and handicapped.
5. Every citizen of the country is having facility of equal education and health services and that too free. In case of dispute, justice is made within time and country is having such a Reservation system which unites the countrymen rather than breaking them. Such a situation should be created, wherein the need for the reservation may end.
6. *Jal* (water), *Vayu* (air) and *Jalvayu* (climate) are conducive to health as *jal+vayu = jalvayu*. (On cleaning/controlling these, problem of Global warming will vanish and other than this, there is no remedy in world.)
7. Social evils are minimum or are not there.
8. Everyone is getting his share of profit/property in the wealth of the country which is under the earth.
9. Political system is such which works for the Nation and entry only for those politicians who really wish to serve the Nation. Police as a friend, judiciary for timely justice and bureaucracy for helping to make a strong democracy.

Purn Gayatri

Japa (recital) Gayatri

ॐ भूर्भुवः स्वः, तत्सवितुर्वरेण्यं, भर्गो देवस्यः धीमहि, धियो यो नः प्रचोदयात्
Om bhurbhuva: suha: tatsaviturvarenyam, bhargodevsya: dhimahi, dhiyo yona: parchodayat

Ajapa (non recital) Gayatri

First letter: O

Second letter: ?

Knowledge of second letter is obtained from Purn Guru Ji as an **Offering** (प्रसाद)

Gayatri is of two types:

Japa (recital) Gayatri

ॐ भूर्भुवः स्वः, तत्सवितुर्वरेण्यं, भर्गो देवस्यः धीमहि, धियो यो नः प्रचोदयात्
Om bhurbhuva: suha: tatsaviturvarenyam, bhargodevsya: dhimahi, dhiyo yona: parchodayat

All of us know *japa Gayatri*. But if lips or tongue touches anything that can't be offered to God. In *japa Gayatri* lips and tongue are touched, therefore, this can't be a true name of God.

Ajapa (non recital) Gayatri

This *Gayatri* has been established by God in every human's breath in which two letters are there and the first letter is **Om** (here m is silent) ॐ and knowledge of second letter is obtained from Purn Guru Ji. First letter is used with every in - breath and second letter is used with every out - breath, that is why it is said:-

सांस सांस में नाम जप, सांस ना वृथा खोए, ना जाने किस सांस का आवन होय या ना होय ।

One should not waste any breath and should recite His name in every breath, weather next breath may come or not.

This is that procedure which was taught by Krishan ji Maharaj to Pandavs There is one place called **Mana (Badrinath)**, proof of this is still there and is engraved on a stone (Second letter).

If ten people are sitting in a room and are breathing, but no one has ever said that the breath is untouchable (*jhootha/झूठा*). A true name of God is established in our breath only and knowledge of that is obtained from Purn Guru Ji.

Note: The mystery of second letter if unfolded that can lead a person to Salvation. This letter can be offered by Purn Guru Ji only and no other person is authorized for this purpose.

Purn Ganga

Purn Ganga is a miracle of God and it is His offering, therefore, we should take bath in Ganga water but not in Ganga ji. At present Ganga is pure up to *Gomukh* only and it is getting polluted day by day, as people have made it a drama and started worshipping Ganga.

If we serve food to one hundred people and put 1 kg filth in Ganga, that will result into negative deeds (*karmas*). We should take off our shoes, only then we should go to Ganga ji and take an offering. We should take bath away from Ganga ji so that, that water does not enters into Ganga again.

Pure Ganga water (water contains liquid air/oxygen) does not become stale even if it is kept for number of years because it is an offering of God and God is present in the form of *Brahma*, *Vishnu* and *Shankar*

Climate	: Physical <i>Brahma</i>	G	Generator
Water	: Physical <i>Vishnu</i>	O	Operator
Air	: Physical <i>Shankar</i>	D	Destroyer

Climate, Water and Air all contains air and that is why air is known as **GOD Particle**. When GOD Particle is out from the human body a person dies. We can survive without food for few days, without water for few hours and without air we can't survive even for few minutes. Therefore, climate, water and air are our lifeline and we should protect these. Climate of any place is dependent upon the quality of water and air of that particular place and if these are polluted, climate will also not be conducive to health and *vice versa*.

Purn Gaye

Hindustani Cow with Shivling (शिवलिंग)

Purn Gaye is a complete medical store which has been sent by God and is a miracle also. On the neck of Hindustani cow there is a *Shivling* (elevated portion above the neck), which is a sign of the presence of God, that is why cow is miraculous. Milk, curd, butter, butter oil, urine, dung/*gobar* गोबर, buttermilk all are very useful for a human being.

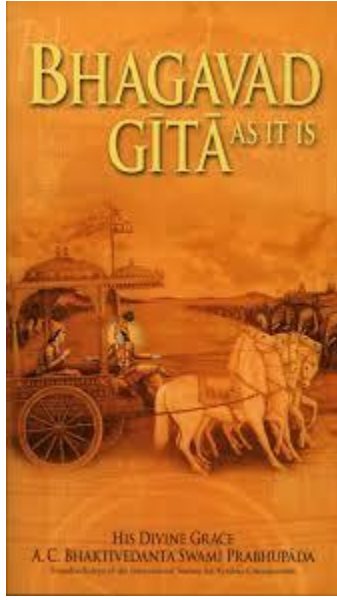

1. **Cow urine:** Cow urine is anti allergic, anti septic, anti bacteria, anti fungal, antivirus, anti toxins, anti germs, anti infection and anti - anti immunity. By the use of urine, incurable diseases like cancer, diabetics, rheumatic arthritis (cause of this disease is due to entry of toxins in brain through *sushmana nadi*) kidney and heart disease are cured.
2. **Butter Oil/Ghee :** By putting it in the nose, brain related diseases are cured.

Note: (How, when and how much urine and ghee is to be used, knowledge of that is obtained from Purn Guru Ji.) Incurable diseases are cured by the grace of God only and any work related to this if done as a business, effect of that is negligible. This work is done without consideration / money.

3. **Cow dung:** Germs and mosquitoes are destroyed by burning cow dung with camphor (कपूर).
4. **Cow dust (गोधुली):** The dust produced by walking of a cow, if applied on the human body, skin deceases is cured. Touching of fingers on the body of the cow also cure skin diseases.
5. **Cow sound:** When a cow produces sound that is known as *Rambhana* (रम्भाना) and its affect is like a recital of *mantras*, which is good and soothing for a human being.

Therefore, we should conserve and protect Hindustani cow. Any person who is conserving cow should be given Rs. 1000 p.m. for this purpose by the government. Slaughter of cows and buffaloes should be banned. Male calves should be sent to the forests. By their urine and stool, forest will become green and they will become food of wild animals. By this, animals will not come towards cities and the problem of adulterated and shortage of milk will reduce drastically/end. In few years every young person will get at least half a liter of milk per day.

Purn Gita

Purn Gita is a source of knowledge about God, who has created the human body. How one should lead his life, Gita shows us that path. That is why it is said:-

यथा पिंडे तथा ब्रह्मांडे

यथा ब्रह्मांडे तथा पिंडे

Whatever exists in the human body that also exists in the universe and *vice versa*?

This is a great mystery, how the human body functions and formation of one's deeds (*Karmas*) happens. That has been explained in Gita and brief of that is as under:-

How a person should lead a life and how to find the mysteries of the human body unfolded i.e.

4.29: In 29th *Shaloka* of chapter 4:

By performing

Breath in, in – in breath

Breath in, in - out breath

Breath out, in - out breath

Breath out, in – in breath

One can find God and this is a technique, which can be known through Purn Gayatri with the help of Purn Guru Ji.

13.2: In 2nd *Shaloka* of chapter 13: Human body is having 2 souls i.e. Soul and God. Place of God is *Brahm Randhra* (where tail is kept on the head) / Medulla oblongata and place of soul is between the two eyebrows that are known as *Agya Chakra*. That is why it is said:-

कोटि कोटि ब्रह्मांड का रचनहार जगदीश (परमात्मा),
ऐसा सूक्ष्म रूप धरा आन बिराजा शीश (सिर) |

**Creator of millions of universes is God and
In subtle form He has established Himself in the head**

When husband and wife meet, a liquid of orange color is formed and at that particular moment God establishes Himself in subtle form. After few moments soul also enters and when God and soul both are established, after that the human body is created by God only by His own hands. Which part of the body will be where, which finger will be smaller or otherwise, which finger will be on the left or on the right, who can do all this other than God only. That is why the human body is known as a temple created by God. In the human body God is physically present. When God leaves the human body a person dies and after few moments soul also leaves the body.

13.7 : In 7th Shaloka of chapter 13 : Human body is constituted of 24 elements and out of that 15 are physical (fire, water, earth, air, ether, eyes, ears, nose, tongue, skin, hands, feet, voice, anus and penis.) and subtle are 9 (seeing, hearing, smelling, taste, touch, mind, intellect, consciousness and ego). After death 15 physical elements are destroyed and 9 subtle elements (as software) leave the body with soul, with their tendencies. A person is born in next life with all the above tendencies only, as an opening balance which is known as **Prarabdh प्रारब्ध**.

13.35: In 35th Shaloka of chapter 13: A person's elevation is sure; who has come to know the difference between the body (**kshetra क्षेत्र**) and the power that operates the body (**kshetragya क्षेत्रज्ञ**).

18.14: In 14th Shaloka of chapter 18: How a person does deeds (**karmas**) has been explained in this chapter. When **five** i.e. God, soul, body (fire, water, earth, air and ether), sensual organs (eyes, ears, nose, tongue and skin) and endeavor (चेष्टा) joins together, formation of deed happens. Generally it happens on the basis of time, period and situation. Suppose **Kaliyug** is going on and deeds will be accordingly and if **Satyug** is going on, deeds will be accordingly, but there may be exceptions.

Purn Guru teaches us how to end these negative deeds by which a person can lead towards salvation. A cycle of a person moves between birth, death and womb of a mother. When soul comes to the earth for the first time, its cycle remains about for 10 lac years and which is birth, death and womb of a mother. Only Purn Guru Ji can tell the path by which this cycle can be broken. A person can come to know the path to break this cycle by taking an offering (**Diksha/दीक्षा**) from Purn Guru Ji.

Conclusion: Conservation of cow (**Purn Gaye**), care of water, air and climate (**Purn Ganga**) knowledge about the mysteries of human body (**Purn Gita**), path to find out God (**Purn Gayatri**) and a search for a person who has experienced God (**Purn Guru**) and knowledge about these can help in the elevation of a person positively.
